Docket No. ACR2016

NOTICE OF THE UNITED STATES POSTAL SERVICE OF FILING
OF REVISED VERSIONS OF USPS-FY16-NP3, USPS-FY16-NP4
AND USPS-FY16-NP9 -- ERRATA
(February 2, 2017)

The Postal Service hereby gives notice of filing of a revised version of the material indicated below as part of the **Non-Public Annex** in this proceeding:

**USPS-FY16-NP3 FY 2016 International Cost Segments and Components Report
(Hard Copy & Excel)**

**USPS-FY16-NP4 FY 2016 ICRA Domestic Processing Model (Cost Matrices,
Reports, Control File, & Changes)**

USPS-FY16-NP9 FY 2016 Miscellaneous International Data

A description of the revisions can be found at the end of the revised Preface included with each folder. This filing does not replace the original folders entirely. Instead, provided for each folder are only a revised Preface, plus the files that are revised. None of the revisions alter the nonpublic nature of the contents of these folders. The need for these revisions was revealed with the recent discovery that, when the ICRA was originally being prepared in December, not all of the space distribution keys were successfully loaded into the inputs of the Domestic Processing Model. When the model was run, the costs were distributed only on those distribution keys that were in the model. To fix this, the complete set of space keys was reloaded, and the model was rerun. Files in the above folders affected by the update are now being replaced. A

revised version of USPS-FY16-NP2 is under preparation and will be provided shortly. The magnitude of the changes from this revision generally range from minor to trivial, but the scope of the changes is unfortunately quite broad, requiring updates to a relatively large number of files.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
